**Local government - Wikipedia**
Local government is a generic term for the lowest tiers of public administration within a particular sovereign state. This particular usage of the word government refers specifically to a level of administration that is both geographically-localised and has limited powers. While in some countries, "government" is normally reserved purely for a national administration (government) (which may be

**Public participation (decision making) - Wikipedia**
Citizen Participation or Public Participation in social science refers to different mechanisms for the public to express opinions—and ideally exert influence—regarding political, economic, management or other social decisions. Participatory decision-making can take place along any realm of human social activity, including economic (i.e. participatory economics), political (i.e

**Local Government Policy Making Process - MRSC**
local government. It is a process that can be used to build citizen support, encourage efficiency, and improve productivity. [Goal Setting in Local Government, ICMA MIS Report, vol. 27, no. 4, April 1995] Some observers believe that governments are driven by ...

For citizen participation to work, transparency of government information is needed, as well as the inclusion of members into decision-making from groups whose concerns are being addressed. Excluding the weak and powerless from decision-making is a cause of poverty because it denies them rights and creates unequal power relationships.

**Judicial Decision-Making and Implementation by the Supreme**
Influences on the Court. Many of the same players who influence whether the Court will grant cert. in a case, discussed earlier in this chapter, also play a role in its decision-making, including law clerks, the solicitor general, interest groups, and the mass media. But additional legal, personal, ideological, and political influences weigh on the Supreme Court and its decision-making process.
